CC Docket No. 02-6

To Whom It May Concern,

This letter is to **Request for Review** Waterloo School Districts form 486 (898637) notification letter for funding year 2011. Our BEN is 136505 and the service provider spins are 143001878 (Harrisonville Telephone Company) and 143025240 (AT&T Mobility). We were denied on August 22 on our appeal by the USAC for missing the deadline for filing the form 486.

We received a letter on March 13, 2012 from the USAC and immediately called USAC for assistance in filing the form. We were told by the USAC representative that we already submitted form 486 for funding year 2011 and we were told to disregard the letter we received. As it turned out we didn't have the form 486 filled out and were not made aware of that until July and we immediately filed the form.

This is not a case of a missed deadline. This is a case of us trying to correctly file the form, but we were given misinformation on March 13, 2012 by the USAC representative that no form needed to be filed.
